Compressed air, water and electricity are available free of charge on site for locomotives and rolling stock. An electric hoist is available to assist in loading and unloading.

**Safety Inspections:**

- All locomotives and rolling stock are subject to be checked for gage prior to being run at the SCRR. The SCRR conforms to IBS standards for wheel profile, thickness and flange depth. Non-conforming equipment will not be allowed to operate on the track due to the potential for track damage. This includes SCRR domiciled locomotives and rolling stock.
- All steam locomotives, steam tractors and stationary boilers must have up-to-date boiler inspection documentation meaning the last boiler inspection cannot be more than two (2) years old. If you need a boiler inspection the SCRR will have inspectors on site. Upon registering please let the registrar know that you need a boiler inspection. All coal burning steam locomotives must have a functioning ash pan.
- Tracks are available to all registered attendee's usage between sun up and 11:30 PM Night running on any night, weather permitting. No whistle or horns can be used after 9:00 PM or before 9:00AM. You must display a headlight and a "FRED" (red lights face rear) when running at after dusk.
- See additional rules & regulations on the bulletin board in the main building.

**Volunteers are needed; Members** are sought to help with food service, cleaning, assisting with loading, unloading, steaming bay and other duties. Contact Meet chairmen at the email addresses or phone numbers listed below or at the Meet when you arrive.
